

**ECO PRINTING FOR
AWESOME PEOPLE**

We are an environmentally conscious screen print studio specialising in apparel decoration.

We work with a range of businesses, events and individuals to help them fulfil their garment needs.

Whether you need uniforms or high quality merchandise for your brand, band or business we're here to provide a more sustainable and responsible screen printing option.

OUR SERVICES:

Screen printing - this is what we're all about. The tried and tested method of applying ink on fabrics to create a clean, crisp and high quality print.

Minimum order quantities:
Single colour: 10+ garments
2-4 colour: 20+ garments
5-6 colour: 50+ garments

Embroidery - Whether its caps, beanies, jackets or tees embroidery adds a high end finish to any garment.

Minimum order quantities:
10 items

Supacolour - Supacolour transfers are a premium quality waterbased heat transfer that we use when designs are either over our maximum colour count or the design falls below our minimum order quantity. Minimums for transfers start at 10 garments.

Finishing service - Neck prints, label removal and folding/bagging are all things that add an extra touch to your garments for a retail ready option.

Design service - We offer a bespoke design service to help you come up with the perfect branding. Get in touch to talk about your project or ideas.
